SECTION I - INTRODUCTION TO SUMMARY OF BENEFITS

How will I determine my drug costs?

Our plan groups each medication into one of five "tiers." You will need to use the formulary to locate which tier your drug is in to determine how much it will cost you. The amount you pay depends on the drug's tier and what stage of the benefit you have reached. Later in this document we discuss the benefit stages that occur: Initial Coverage, Coverage Gap and Catastrophic Coverage.

If you have any questions about these plans' benefits or costs, please contact BlueCross BlueShield of Tennessee.

There is more than one plan listed in this Summary of Benefits.

What you pay for: Preferred Retail and Mail Order Pharmacy OR Standard Retail Pharmacy

You pay the following until total yearly drug cost (including what our plan paid and what you have paid) reaches \$5.030.

Total yearly drug costs are the total drug costs paid by both you and our Part D plan. You may get your drugs at preferred retail pharmacies and through the preferred mail order pharmacy program. Or you can get your drugs from standard retail pharmacies. Your prescription drug copay will typically be less at a preferred network pharmacy. Some medications may require prior authorization, step therapy and/or quantity limits. Please see the formulary (drug list) online at **bcbstmedicare.com/pharmacy**.

3. Coverage Gap Stage (Donut Hole)

What you pay for: Preferred Retail and Mail Order Pharmacy OR Standard Retail Pharmacy

The coverage gap begins after the total yearly cost of your drugs (including what our plan has paid and what you have paid) reaches \$5,030.

After you enter the coverage gap, you pay 25% of the plan's cost for covered brand name and generic drugs until your costs total \$8,000, which is the end of the coverage gap. With this plan you may pay less than 25% of the cost of some preferred generic drugs through the gap.

PRESCRIPTION DRUG BENEFITS

Tier 1: Preferred Generic \$0 / \$0 \$0 / \$0 \$0 / \$0						
Standard Retail Pharmacy 30 / 100 Day Supply						
Tier 1: Preferred Generic \$6 / \$15 \$6 / \$15 \$6 / \$15						

You won't pay more than \$35 for a one-month supply of each covered insulin product regardless of the cost-sharing tier.

4. Catastrophic Coverage Stage

After your yearly out-of-pocket drug costs (including drugs purchased through your retail pharmacy and through mail order) reach \$8,000, until 12/31/24, you pay nothing for covered Part D drugs, except for the four drugs on the additional covered drug list.

5. Additional Covered Drugs

Our plan has additional coverage for the prescription drugs listed below. They're covered at a tier 2 cost-share. They're not normally covered in a Medicare Advantage plan with prescription drug coverage. The amount you pay for these drugs does not count toward your total drug costs or help you qualify for catastrophic coverage. If you get Extra Help to pay for your prescriptions, it does not apply to these drugs.

Respiratory and Allergy, Vitamins, and Erectile Dysfunction

DISCLAIMERS

This document is available in other formats. BlueAdvantage is a PPO plan with a Medicare contract. Enrollment in BlueAdvantage depends on contract renewal. Out-of-network/non-contracted providers are under no obligation to treat BlueAdvantage members, except in emergency situations. Please call Member Service or see the Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services. This is a summary of drugs and health services covered by BlueAdvantage Preferred Provider Organization (PPO) Emerald, Ruby and Diamond Southeast health plans January 1, 2024 through December 31, 2024.

Pre-Enrollment Checklist

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to our representative at **1-800-292-5146**, TTY **711**.

Understanding the Benefits

- ☐ The Evidence of Coverage (EOC) provides a complete list of all coverage and services. It is important to review plan coverage, costs, and benefits before you enroll. Visit bcbstmedicare.com or call 1-800-292-5146, TTY 711, to view a copy of the EOC.
- ☐ Review the provider directory (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will likely have to select a new doctor.
- □ Review the pharmacy directory to make sure the pharmacy you use for any prescription medicine is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.
- ☐ Review the formulary to make sure your drugs are covered.

Understanding Important Rules

- □ In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.
- ☐ Benefits, premiums and/or copayments/ coinsurance may change on January 1, 2025.
- ☐ Our plan allows you to see providers outside of our network (non-contracted providers). However, while we will pay for covered services, the provider must agree to treat you. Except in an emergency or urgent situation, non-contracted providers may deny care. In addition, you will pay a higher copay for services received by non-contracted providers.
- ☐ Effect on Current Coverage: If you are currently enrolled in a Medicare Advantage plan, your current Medicare Advantage healthcare coverage will end once your new Medicare Advantage coverage starts. If you have Tricare, your coverage may be affected once your new Medicare Advantage coverage starts. Please contact Tricare for more information. If you have a Medigap plan, once your Medicare Advantage coverage starts, you may want to drop your Medigap policy because you will be paying for coverage you cannot use.
